In figures

Water tank capacity	4l
Coffee grounds container (servings)	approx. 40
Bean container with aroma preservation cover	500 g
Cable length	approx. 1.1 m
Voltage	220 – 240 V AC/10 A
Power	1450 W
Weight	13 kg
Dimensions (W x H x D)	34 x 50 x 44 cm
Checks	CE ®

One-Touch Cappuccino/Latte macchiato

3.5" TFT colour display

Intelligent Fresh Water System (compatible with the Intelligent Fresh Water Kit)

IMPRESSA XJ Value Protection

PROFESSIONAL

Perfectly designed, right down to the latte macchiato

The IMPRESSA XJ9 Professional cuts an outstanding figure where the quality of the drinks served is just as important as aesthetics in architecture, ambience and design. It creates perfect latte macchiato, cappuccino, café crème, espresso and ristretto at the touch of a button. Meanwhile, the clear and symmetrical design, sophisticated chrome-plated bean container and brilliant silver finish add a touch of charisma.

Technologies

With the One-Touch Cappuccino/Latte macchiato function, you can prepare speciality coffees topped with milk and milk foam at simply the touch of a button. Thanks to the height-adjustable spout, the function can be used with both small designer cups as well as cups or glasses with a height of up to 150 mm. The new fine foam technology creates milk foam with a fine, feather-light consistency. A 3.5 inch TFT colour display is the key to the machine's intuitive operating concept.

The Intelligent Fresh Water System (I.F.W.S.®) is needed to use the unique Intelligent Fresh Water Kit. This latest-generation, smart permanent water connection supplies fresh water for a superior quality coffee every time. Because it can be fully integrated in the coffee machine, it requires no extra space. Combined with an upstream CLARIS water-filtering system, it provides optimum protection against limescale and supplies the best quality water.

Cleaning/Hygiene

As well as being easy to operate and programme, the machine is designed to be very easy to care for. The integrated rinsing, cleaning and descaling programmes reduce the effort involved to a minimum and guarantee TÜVcertified hygiene.

Customisable

With a wide selection of accessories including a Compact Payment Box, cup warmer, Intelligent Fresh Water Kit, Coffee grounds disposal/drip drain set XJ and an attractive range of storage and presentation units, it is possible to create a complete coffee solution tailored to your specific requirements.

IMPRESSA XJ Value Protection (for specific markets)

Registered IMPRESSA XJ customers can now enjoy an exclusive, new service concept that is fully in line with JURA's high quality standard. This service guarantees the performance of the professional coffee machines and offers value protection for 25 months or 20,000 drink preparations. This includes, for example, two inspections after 9 and 18 months.*

*can vary per market

IMPRESSA XJ9 Professional

SWISS MADE

Preparation times

1 latte macchiato
1 minute 40 seconds

1 cappuccino
1 minute 20 seconds

2 cafés crème
1 minute 10 seconds

2 espressi
40 seconds

2 ristretti
30 seconds
